## IMPERIAL CRS COMPLETES ACQUISITION OF FOUR POINT PRINTING

Boutique M&A advisory firm, Evolution CBS, has announced that its Client, Imperial CRS, has completed its acquisition of Shepperton based Four Point Printing Limited.

Based in Grand Rapids, Michigan, Imperial is a large Clinical Research support organisation comprising three vertically integrated companies - DAC Patient Recruitment Services, ClinicaLingua Translation Service and Imperial Graphics. This acquisition will expand the footprint for Imperial Graphics products and services.

Four Point was an excellent synergistic fit for Imperial, having had considerable experience in production of printed clinical trial and regulatory materials.

President of Imperial, Steve Swanson said "We are committed to expanding our production capabilities and global footprint. Four Point's capabilities are complementary with those of Imperial and allow us to further support our clients and their EU sites. Four Point allows us to improve our EU delivery times and our competitiveness."

Rob Goddard, Managing Director of Evolution CBS, commented "Finding suitable acquisitions is a time consuming process, particularly in cross-border deals. The most successful are those with a good deal of synergy between both parties and we are delighted to have assisted Imperial during this transaction."

This is Evolution's fourth completion in a month, reflecting an increasingly active M&A market and creating a highly competitive market for good UK businesses.
