

# PRESS RELEASE

## EVOLUTION CBS EXPANDS GROWTH TO EXIT TEAM

Reading based Business Sales Advisors, Evolution CBS, has appointed Steven Barry as Associate Director working with the Company's Growth To Exit team.

With approaching 30 years' proven success as a transformational business leader, Steve can evidence outstanding expertise in leading from the front to deliver business transformation, turnaround, post-acquisition integration and structured growth.

This appointment follows a number of others for the company. Last year it expanded its Business Sales team with the appointment of James Whittaker as Account Director, having previously appointed Terri Drake as Business Development Manager.

Commenting on the appointment, MD Rob Goddard noted "Companies preparing for exit now are in a much more competitive market so business owners that want to realise a premium price have to get their companies into shape first. Steve has a massive amount of experience in building successful organisations and I am delighted to have him on board."

Delivering excellent service combined with the highest degree of professional integrity, Evolution CBS helps business owners to achieve the best price and the best exit terms when they sell their business.

We do this through a suite of services that increase business value - Growth to exit planning, Business Acquisitions and Business Sales.

Regardless of when you plan to sell your business, by understanding what's involved and the practical steps you can take to maximise its value and saleability, you can make a significant difference to the price you realise.
