

PRESS RELEASE

EvolutionCBS announces the sale of Earnshaw Engineering Ltd to TJD Investments.

The logo for Earnshaw Engineering, consisting of a blue circle containing the white letters "EE", with the text "EARNSHAW ENGINEERING" below it.

Acquired by

TJD Investments

A photograph of four people (two women and two men) standing together in an office setting, smiling. The EvolutionCBS logo is visible in the top right corner of the photo area.

"Immense gratitude to you and your team for the help and perseverance you provided to us to get the deal over the line. We never believed our business would return such a great price, and know that it could not have been achieved without EvolutionCBS's dedication and professionalism."

Dave Bell, Earnshaw Engineering Ltd

In a deal led by Reading based M&A Advisors EvolutionCBS, Earnshaw Engineering, a specialist designed metal fabrication company, has been acquired by TJD Investments.

Founded in 1999, Earnshaw Engineering is a Hampshire-based metal fabrication company with a long established reputation for delivering high quality, high precision and technically challenging solutions for contemporary commercial building designs. The company's extensive industry experience and vast technical ability has seen it become a trusted and highly-valued sub-contractor to many major construction companies across the UK.

TJD Investments are a consortia of investors with particular experience and expertise within the engineering, logistics, marketing and finance sectors. As the new owners of Earnshaw Engineering, they will each work within the business to develop and expand the company as it enters its next phase of growth.

EvolutionCBS Client Director, Mike Whittle, led the deal and commented: *"It has been my pleasure to work with such professional, well organised clients and go on this journey with them. From the outset Dave & Lisa were committed to finding the right acquirer for their business and it is always pleasing to find the people and the right deal for both my client and the longevity of Earnshaw Engineering."*

Lisa and Dave Bell, Earnshaw Engineering, are retiring from the business and commented: *"From day one the support, knowledge and expertise that EvolutionCBS provided us with was a revelation. Without the impressive IM, introductory meetings, patience, eloquence and negotiating skills of our dedicated Client Director, Mike Whittle, together with his team that provided information throughout the whole process; we would have never completed our sale. We are truly thankful to ECBS and can't recommend them highly enough!"*

About EvolutionCBS:

EvolutionCBS (www.evolutioncbs.co.uk) works with private business owners helping them to maximise the exit value of their companies. Working with shareholders and investors we advise on all aspects of selling a business, growth to exit strategies and business acquisitions.
