Premium Service

Welcome...

HAVING BEEN RESPONSIBLE FOR THE SALE OF SEVERAL HUNDRED BUSINESSES SINCE 2002, I'VE LEARNT THAT **SELLING A BUSINESS IS NOT ABOUT PRODUCTS AND PROCESSES – IT'S ABOUT PEOPLE AND THEIR LIFE GOALS.** IT'S ABOUT HELPING BUSINESS OWNERS FINISH ONE CHAPTER IN THEIR LIVES AND START A NEW ONE.

When I formed EvolutionCBS, it was to create a business advisory service that was different. I set out to create a highly professional offering that delivered exceptional results, with a unique and highly personal service.

EvolutionCBS delivers pragmatic advice and our team all share the same business ethos of commitment, quality, innovation and integrity.

Deciding on whether to sell your business is one of the most important decisions you will make. Your business may be the largest asset you own, and you deserve to realise its maximum value when the time comes to sell.

Making strategic decisions about growth, acquisitions and planning for your exit will help you achieve the highest possible valuation for your company.

“Understanding what our clients need from the sale of their business drives our approach and enables us to create a bespoke service for each client, ensuring they achieve the outcome they deserve.”

To help you achieve this requires an experienced and skilled partner that understands the complexities of your market. One that recognises and promotes the unique aspects of your company and acts solely in your best interests.

When your business exit is personalised to your specific needs, you can be certain it has delivered everything you wanted it to - for yourself and for the future of your business.

MY JOURNEY

Chris McGibbon

CEO, Rimilia Holdings Ltd.
Sector: Software: Fintech

From the beginning we had a very clear growth strategy and had agreed to exit once the business reached a target enterprise value. Like most entrepreneurs we preferred the more exciting aspects of innovating and “solutioneering” but by the time we reached our target number, the majority of our time in the business was focused on people-related issues, mainly as a result of continued growth.

“We had prepared for exit...”

We had begun our exit preparations a couple of years before going to market and had met EvolutionCBS at one of their events on exit planning. Taking their advice, we appointed an experienced Operations Director and put our management team through an extensive training programme. We recognised the need to extract ourselves from the day-to-day operational management so that we could focus on the continued growth of the business and on making sure we hit our targets.

“The support was first class...”

We were very impressed with EvolutionCBS when we met the directors, particularly the fact that we would have a very experienced team dedicated to the sale of our business. Their understanding of our business model and market was very reassuring and was reflected in the quality of the sale strategy, research and documentation that they put together.

“They were there at every stage...”

Once the business was at market we had an amazing amount of interest from the target list, with more than 30 companies expressing serious interest. Our EvolutionCBS Client Director guided us through all the negotiation meetings, organising everything, advising and supporting us all the way. Their collective efforts in getting us over the line kept the focus on completing the deal and making sure it stayed right for us.

“We knew we had the right buyer...”

Although we had a lot of interest, one bidder stood out from the crowd for us. Kennet Partners and Eight Roads Ventures shared our vision for the future of the business and were ready to fast-track Rimilia’s growth through global expansion and further development of the product suite.
